How do I find a book?

The Library's book catalog is web-based. That means you find out what books we have by using a computer. You can only use the book catalog in the High School. When you open your browser (FireFox or Explorer) type in: <http://catfish> choose "Nutley High School" and then the "Catalog" tab.

This page should come up. You can search by Keyword, Title, Author, or Subject.

This is a search by Title

You can click on a specific title for more information. Make sure to note the call number so you can find the book.
